STATUS INQUIRY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The above application was filed on January 24, 2004 as a National Phase application from a Japanese PCT application. Due to a series of inadvertent actions, the application was listed as Abandoned. A Petition under 37 C.F.R. 1.1237(b) was filed to revive the application.

On December 7, 2006, the Office of Petitions **GRANTED** the petition under 37 C.F.R. 1.1237(b).

In addition, the Office stated “The declaration submitted 24 January 2005 lists the third named inventor as “Syozo Tamaki”, but he is listed as “Shozo Tamaki” on the international application. The Office does not have a record of the recording of a change under PCT Rule 92*bis*. If this discrepancy is the result of a typographical error, it can be corrected by a statement under MPEP 201.03 stating either that it was a typographical or a transliteration error and specifying the correct name.”

On January 29, 2007, Applicant filed a letter stating the correct spelling of the Inventor’s name in Roman letters is “Syozo Tamaki”.

As of January 29, 2007, Private PAIR gives the status of this application as “Abandoned – Incomplete Application (Pre-examination)”. Applicant would like to inquire about the correct status of this application after the submission of the letter and have Private PAIR reflect this status.

Applicant respectfully requests inquiry into the above issues.
